

GRANTECH CERTIFICATE

QUALITY CERTIFICATES & WARRANTIES

Granttech only uses companies that are certified by internationally recognised bodies to ensure total conformity to standards of safety and protection.

These certificates offer our customers the assurances they need that our products are manufactured to the highest possible standards.

NSF

Granttech associated supplier was evaluated and certified by NSF international as a safe material for direct food contact. This gives the assurance of maximum safety and protection to our customers and final consumers.

CE

CE stands for Conformity Europeenne, the French phrase for European Conformity. It is a standard that applies to a wide range of objects created and sold in the nation belonging to the European Union. CE certification is designed to protect EU consumers by regulating products to reduce possible dangers to people and the environment.

GREENGUARD

The GREENGUARD Indoor Air Quality Certification Program identifies low-emitting materials, finishes and materials with low indoor environments. Performance-based, field-validated standards are used to define products and materials with low chemical and particle emissions for indoor use. Products are required to be tested annually for more than 10,000 individual volatile organic compounds (VOCs).

GREENGUARD CHILDREN & SCHOOLS SM

Certification program was developed by evaluating chemical sensitivities of children along with unique building characteristics of schools. It presents the most stringent product emissions criteria to date for low-emitting materials.

15 YEARS WARRANTY
